South Country Peace Group, Inc. (SCPG) was founded in 1982 in response to escalating threats of global nuclear destruction. Through annual public events, core activities and collaboration with other peace and justice groups, SCPG advocates and lobbies to stop the arms trade, cut the arms budget and redirect resources to the environment and human needs as detailed in our Mission Statement. Although our primary focus centers on nuclear disarmament, SCPG engages in numerous campaigns for Peace domestically and globally and, since 1989, has also addressed environmental awareness for the protection of Earth to highlight issues, overcome obstacles, and encourage and promote actions in support of its Mission. SCPG is a NYS registered grassroots, community-based, non-profit organization designated by the IRS as a 501 (C) (4). This designation allows us to engage in advocacy and lobbying, however, donations are not tax deductible. Write: SCPG, PO Box 261, Brookhaven, NY 11719 or email: [southcountrypeace@outlook.com](mailto:southcountrypeace@outlook.com).
